**23RD & 24TH JAN 2015 (2 DAYS)**  
8:30am to 4pm

## Going to the Heart of Autism with Relationship Development Intervention® (RDI) Program

Oasis Place in collaboration with RDI Connect and CATCH Clinic proudly announce the first RDI Connect authorised two-day Introductory guide for parents and professional training for RDI in Malaysia. RDI is a family-based intervention, designed to remediate the core deficits of Autism Spectrum Disorders.

**23RD JAN 2015**

DAY  
**01**

Learn about Dynamic Intelligence and how this ability opens the door for greater quality of life in the 21st Century. Topics covered include the most updated research on Autism, an overview of the RDI program and how it targets lack of experience sharing communication, self-awareness, episodic memories, dynamic appraisal and creative problem solving abilities in individuals with ASD.

"The RDI™ Program is about improving the long-term quality of life for every individual on the spectrum."

"The RDI™ Program has been developed for people of all ages, including teenagers and adults. Objectives are developed to increase motivation and competence for each individual."

**24TH JAN 2015**

DAY  
**02**

Learn about making life style changes through meaningful daily opportunities and dynamic communication. Audiences will learn through interactive activities, video analyses and lively discussions to implement a few beginning RDI objectives at home, as well as in educational and other therapeutic settings. Feel empowered as parents and professionals that through rebuilding the neuro-pathways, the sky is the limit for individuals with ASD.

The session will include topics on parents' readiness to begin Autism remediation, the process of working with an RDI Consultant and the RDI Learning System. In addition, information on the RDI Certification Training for professionals and parents interested in becoming an RDI Certified Consultant will be presented. Learn about what we do as guides to parents, the goals of the RDI program, and how this approach enriches many professional backgrounds.

### THE SPEAKER

Ms. Maisie Soetantyo, co-founder of the Comprehensive Autism Treatment for Children (CATCH) clinic in Northern California and Indonesia, has been working with children with special needs since 1994. Upon attaining her Master Degree in Curriculum and Instructional Design as well as practicing as a RDI Program Certified Consultant, Dr. Gutstein appointed Maisie to the position of Director of Professional Training for South East Asia, and presents extensively throughout Asia in support of that role.
