🎵 *Does your child make and play with friends easily?*

♪ *Does your child join in group activities readily?*

Saturday

21, 28 July,

4, 11, 18 & 25 August 2018

2pm-3pm

RM500 per child,

additional RM250 per sibling

Register Now

<https://tiny.cc/OPMusicKids>

Music Kids will focus on:

🎵 Skills for school - paying attention, concentrate, listen, read and write

♪ Learning to form friendships with others outside the family

♪ Playing and having fun with others in the playground

Research shows that music is a great way to help your child acquire these skills

Music Kids is the follow on age group from Music Tots (1 - 3 years old).
Children can join Music Kids directly or graduate from Music Tots.

Music Therapy

Meet the Music Therapist, Ms Sherrene Teh

Sherrene graduated with a Master of Music Therapy from the University of Melbourne. She interned at Connections UnitingCare, a community organisation supporting marginalised and disadvantaged children, young people, and families as well as The Monash Children's Hospital. Upon returning to Malaysia, Sherrene has worked with children and adolescents, among which many of them learn differently.

Sherrene is passionate to advocate for music to be accessible for everyone, no matter the age or abilities of the person. She believes that music is an important medium to facilitate the development and growth of a healthy child.

Music Therapy in Early Childhood:

Studies have shown that music can stimulate many senses and involve the child at many levels. Group music therapy is designed to develop skills such as turn taking, eye contact, listening to instructions, attention, and awareness of self and others - all necessary to be school and play ready!

Age appropriate songs and activities during the group music therapy sessions are carefully selected to increase participation and to best meet the needs of every child.
